## Peer to Peer Problem Gambling Prevention Program: Puyallup!

Puyallup is the place for **Peer to Peer** this year, with two parallel programs running at Chief Leschi Schools and Puyallup School District.

Peer to Peer is a youth prevention program where high school students create a full-fledged media campaign, from radio spots to videos, posters and slogans, social media and a logo; that is then promoted on KUBE 93 radio, online, and on billboards. The campaign focuses on problem gambling and gambling among youth.

By youth reaching out to youth, we at the Evergreen Council on Problem Gambling hope to get the message across that just because youth are under the legal age to gamble doesn't mean they can't have a gambling problem. And youth that gamble have higher rates of other high-risk behaviors.

Here's some of the highlights of this year's Peer to Peer Problem Gambling Prevention Program.
