# Problem Gambling and Health Awareness Conference

# FOUR DIRECTIONS

## ABOUT THE CONFERENCE

Many representatives of Tribal Nations in the Pacific Northwest have come together to plan this important conference, with the aim of honoring the past and protecting the future through holistic health, wellness, and recovery support. Indian gaming has brought great growth and opportunities to build economic security and rebuild our communities. Just as we come together during the year with gaming industry leaders and experts to share knowledge and perspectives on current issues affecting Indian gaming, we hope to bring together our Tribal Council leaders, behavioral health directors and counselors, education experts, and families to support each other with knowledge on health issues, addictions, and financial and safety concerns that affect our communities.

The first **Four Directions Conference** in 2009 was a great success—so much so that interest grew rapidly in offering an expanded conference program. Today, as we celebrate the sixth annual **Four Directions Conference**, the Tulalip Tribes are pleased to host this important event once again. We welcome back old friends and welcome new friends, including some very special guests from First Nations, Metis, and Inuit Peoples of the Canadian Provinces. We are honored to announce that **Four Directions** 2015 will be hosted in the Vancouver, Canada area; and look forward to celebrating this exciting growth with everyone this year and next.

Please take a look at the full conference schedule to see all of the exciting opportunities for both training and cultural enrichment. From expanding workplace knowledge and skills to experiencing healing and teaching tools that honor our traditional heritage, your journey at **Four Directions** will illuminate and influence both your career and your life.

We hope you will join us for this important event!

The Honorable Herman Williams, Sr.  
Chairman, Tulalip Tribes

The Honorable Brian Cladoosby  
Chairman, Swinomish Indian Tribal Community  
President, National Congress of American Indians

## CONFERENCE COORDINATOR

### Evergreen Council on Problem Gambling

The Evergreen Council on Problem Gambling (ECPG) is dedicated to increasing public awareness of problem gambling, expanding the availability of services for those affected by problem gambling, and supporting research and programs for education, prevention, treatment, and responsible gambling. We provide confidential support for Washington State residents through our 24-hour Problem Gambling Helpline (800.547.6133) and public awareness, education, prevention, and resource development services for individuals, families, employers, students, the gaming industry, and business and community groups. ### Tulalip Tribes and Tulalip Family Services

Welcome friends and neighbors. We are the Tulalip Tribes, successors in interest to the Snohomish, Snoqualmie, Skokomish, and other allied tribes and bands signatory to the 1855 Treaty of Point Elliot. Our tribal population is about 4,100 and growing, with 2,600 members residing on the 22,000 acre Tulalip Indian Reservation located north of Everett and the Snohomish River and west of Marysville, Washington.

The Tulalip Resort and Casino has played a large role in opening up new possibilities for our people. Collectively our business ventures have made it possible for the Tulalip Tribes to realistically plan for the future of our people.

Tulalip Tribes provide many services to our members including preschool, higher education assistance, health and dental clinics, a pharmacy, a state-licensed chemical dependency recovery program, and a senior retirement home and cultural activities. In addition to two Marysville School District (MSD) elementary schools, Tulalip Tribes collaborate with MSD to provide on-reservation middle school and high school alternative programs.

A healthy future is the key for all members and the community. Tulalip Tribes Family Services provides culturally-based programs to nurture our children, families and community members by honoring our cultural teachings and values for the well-being and preservation of future generations. Our program includes intensive outpatient counseling for chemical dependency, outpatient treatment services for chemical dependency, mental health, and problem gambling treatment.

### BY POPULAR DEMAND: Intensive Basic Training for Problem Gambling Counselor Certification

**November 5-8**

Intensive Basic Training for Problem Gambling Counselor Certification

*Presenters: Linda Graves, MS, NCGC-II and Lori Rugle, PhD, NCGC-II*

Participants will learn about the scope and prevalence of gambling and problem gambling on a national scale, risk factors, and how the increased availability of gambling over the past ten years has affected the prevalence of gambling problems in the United States. The DSM-5 criteria for pathological gambling will be discussed, and participants will learn practical application of the most commonly used screening and diagnostic tools. This training outlines the types and sub-types of gamblers and several approaches to the treatment of problem gamblers. Participants will also learn about the disorders that most often co-occur with problem gambling, and the effects of the disorder on family and loved ones. The training will conclude with ethics in treatment and care, relapse prevention and financial exercises. This course fulfills the 30-hour requirement needed for certification.

**Does your Mental Health or Chemical Dependency Screening include a question like this?**

*"Have you ever had to lie to people important to you about how much you gamble?"  
(Lie-Bet Screening Instrument)*

**It should.**

**You may be seeing Problem Gamblers now.**

**Earn your Problem Gambling Counselor Certification with:**
