FOUR DIRECTIONS
HONORING OUR PAST & PROTECTING OUR FUTURE
October 1-3, 2009

ABOUT THE CONFERENCE

Many representatives of Tribal Nations in the Pacific Northwest have come together to plan this important conference Honoring Our Past and Protecting Our Future. Indian gaming has brought great growth and opportunities to build economic security and rebuild our communities. Just as we come together during the year with gaming industry leaders and experts to share knowledge and perspectives on current issues affecting Indian gaming, we hope to bring together our Tribal leaders, behavioral health directors and counselors, education experts, and families to support each other with knowledge on health issues, addictions, and financial and safety concerns that affect our communities.

The Four Directions conference is the first of its kind in the nation, and we are proud to welcome leaders such as Grandmother Agnes Baker-Pilgrim, Alan Basham, Jake Coin, Gayl Edmunds, Danielle Her Many Horses, Duane Mackey, Sheila Morago, Theda New Breast, Judge Teresa Pouley, Ernest L. Stevens, Jr., and so many others who will share their wisdom. As you look over the full conference schedule, you’re sure to find something that will expand your knowledge and skills around Clinical and Behavioral Health, Family Support, Prevention and Outreach issues, and Responsible Gaming programs and policies.

We hope you will join us for this important event!

The Honorable Charlotte Williams
Chair, Muckleshoot Indian Tribe

The Honorable Leonard Forsman
Chair, Suquamish Tribe

CONFERENCE COORDINATOR

EVERGREEN Council on Problem Gambling

The Evergreen Council on Problem Gambling is dedicated to increasing public awareness of problem gambling, expanding the availability of services for problem gamblers and their families, and encouraging research and programs for prevention and education.

Problem, or compulsive, gambling is a real disorder—similar to alcohol, drug, or sexual addictions. Fortunately, most people can enjoy recreational gambling responsibly. For some, that becomes impossible. While it may be a small percentage of our population, when you or someone you love has a gambling addiction, it is not a small problem. Broken marriages, bankruptcy, depression, and even suicide can result.
CONFERENCE COORDINATOR (continued)

That is why the Evergreen Council on Problem Gambling strives to provide support and services, such as the statewide Helpline (800.547.6133). The toll-free, confidential Problem Gambling Helpline provides information about problem gambling and referrals to professional treatment and support programs.

The Council offers education and public awareness programs to a wide variety of community and professional groups through presentations, workshops, and conferences. The Council offers training and certification programs for treatment professionals, including qualified training for certification and continuing education hours. The Council works with the Gaming Industry to provide employee training and responsible gaming policy and program development and offers a Tribal Responsible Gaming Certification program.

The Evergreen Council on Problem Gambling is pleased to work with schools and youth groups, educators and PTAs, civic and social service organizations, and others to develop and tailor education and awareness programs to meet your needs. For more information, or to schedule a presentation, call 360.352.6133.

CONFERENCE PARTNER

The Muckleshoot Indian Tribe is comprised of the descendants of the area’s original Coast Salish peoples. The Tribe has lived in this area for thousands of years, possibly since the last glaciers receded. Today’s Muckleshoot Indian Tribe is one of Washington State’s larger Tribes, with an on- or near-Reservation population of about 3,300.

The advent of tribal gaming has been a large factor in opening up new possibilities for Indian people everywhere, and the Muckleshoot Tribe has been very entrepreneurial in capitalizing on its urbanized location, establishing successful casino and bingo enterprises. These, in turn, have provided the seed money that makes it possible for the Muckleshoot Tribe to realistically plan for the future of its people.

A healthy future is key for all members and for the community. The Muckleshoot Health & Wellness Center offers myriad services, including a strong Behavioral Health program. Muckleshoot Behavioral Health serves clients of all ages, providing services for individuals, couples, families, and groups. The Vision of this program is:

A community in harmony and interconnected with all things, where Spirits are strong and good; a place where families and relations are healthy and united.

To promote the generations—past, present & future—so our People will carry on the wisdom and traditional ways of our ancestors.

To honor, support, and encourage the People to grow and find their way; to live in a good way; to walk proudly into the future.

Current outpatient programming includes: chemical dependency, mental health, problem gambling treatment, psychiatric care and medication management; we also offer outreach, advocacy, prevention services and case management. Residential programming includes the operation of a 16 bed Adult Recovery House, which is located within walking distance of the outpatient clinic.
FOUR DIRECTIONS
HONORING OUR PAST & PROTECTING OUR FUTURE

Four Directions
