

Cultural Awareness and Healing Support Conference

FOUR DIRECTIONS

ABOUT THE CONFERENCE

The **Four Directions** conference has grown so much since it was first launched in 2009. Perhaps more importantly, the **Four Directions** conference has expanded its scope and purpose over the nearly 20 years since it began. In the spirit of promoting community wellness and individual holistic health that is a long-standing tradition of Tribal communities, today's **Four Directions** conference is the result of collaborative partnerships with representatives from many Tribal Nations, BIPOC communities, Peer and Recovery Support Service Providers, LGBTQIA+ and Two-Spirit Members, Veterans/Active Duty/Military Families, and more. It is a true vision of **Honoring Our Past and Protecting Our Future** – TOGETHER – with inclusive and collaborative efforts and respect for individuals, families, and communities as a whole through Spiritual, Mental, Emotional, and Physical wellbeing.

We invite you to join in a fantastic celebration as our **Four Directions** conference gathers for training, professional development opportunities, networking, learning, sharing successes and challenges, and celebrating together at Tulalip Resort. Please take a look at the full conference schedule to see all of the exciting opportunities for both training and cultural enrichment. From expanding knowledge and skills to experiencing healing and teaching tools that honor the traditional heritage of many cultures, your journey at **Four Directions** will illuminate your work and your life.

Cultural Awareness and Healing Support Conference

FOUR DIRECTIONS

CONFERENCE COORDINATOR

Evergreen Council on Problem Gambling

The Evergreen Council on Problem Gambling (ECPG) is a 501 (c)(3) nonprofit organization dedicated to increasing awareness of public health issues around problem gambling and gaming in diverse cultures, expanding the availability and integration of services, and supporting advocacy, research, and programs for education, prevention, treatment, recovery, and responsible gambling and gaming. ECPG provides confidential support for Washington State residents through our 24-hour Problem Gambling Helpline (800.547.6133) via phone, text, and chat, and public awareness, education, prevention, and resource development services for individuals, families, employers, students, treatment professionals, the gaming industry, and business and community groups. ECPG also provides qualified training and certification programs and continuing education units (CEUs) for treatment professionals.

EVERGREEN
council on problem gambling

The Council offers support for residential and outpatient treatment for those affected by gambling and their loved ones, as well as education and public awareness programs to a wide variety of community and professional groups through presentations. The Council works with the gaming industry to provide employee training and responsible gaming policy and program development, and offers a Responsible Gaming Certification program.

The Evergreen Council on Problem Gambling is pleased to work with schools and youth groups, educators and PTAs, civic and social service organizations, and others to develop and tailor education and awareness programs to meet your needs. For more information, or to schedule a presentation, call the ECPG office at 360.352.6133.

RECOVERY AMBASSADORS OFFER SUPPORT AND COMMUNITY

Individual and community health and wellness is key to ECPG's Mission. For that reason, our council offers a wide variety of training, outreach, and community support programs, including several multi-day training conferences each year. We are honored to have partners at Tribal Nations, Tribal Behavioral Health and Family Wellness programs, and Tribal Casinos who want to support these efforts. We all play a role and share a responsibility in supporting the communities we serve. We also understand that, for some in recovery, attending a training event at a casino may be triggering or, because of choices to participate in voluntary self-exclusion programs, may not be possible. We respect and recognize that everyone's journey is different and want to offer support for all our attendees throughout the year.

We'll Walk With You

While you're attending **Four Directions**, please practice self-care and take a break if needed. Need something more? Peer and/or Counselor Recovery Ambassadors will be available to offer support and to walk with you – figuratively and literally. Need a friendly face – a supportive person to talk to or walk with while you attend sessions in the meeting space or travel between the hotel and event sites? Just let any ECPG staff member know, or look for the Recovery Ambassadors wearing special identification Buttons/Badges.

CONFERENCE PARTNER

The Tulalip Tribes

The Tulalip Tribes are successors in interest to the Snohomish, Snoqualmie, Skykomish, and other allied tribes and bands signatory to the 1855 Treaty of Point Elliott. Our tribal population is more than 5,000 and growing, with 2,700 members residing on the 22,000 acres Tulalip Indian Reservation located north of Everett and the Snohomish River and west of Marysville, Washington. The Reservation is rich with natural resources: marine waters, tidelands, freshwater creeks and lakes, wetlands, forests, and developable land.

When Tulalip organized in 1934 under the Indian Reorganization Act (IRA), we agreed to adopt the name “Tulalip Tribes” from the Salish word describing the prominent bay on the Reservation. The Federal Government recognizes the Tulalip Tribes as a sovereign Indian Tribe operating under a Tribal Constitution approved by the Secretary of Interior. Our status as a sovereign entity maintains our right to self-govern as a “nation within a nation” and includes the inherent right as a government to raise revenue for our community Today 92% of government services, tribal member entitlements, family and senior housing, education, health, and dental services, law enforcement, fire protection, infrastructure improvements, and economic growth are funded from within.

Tulalip Behavioral Health and Problem Gambling Program

Empowering Change Our comprehensive program approach equips individuals with the tools and support needed for lasting recovery.

Collaboration: We are partnering with providers and community organizations to build a better system of care for everyone.

Excellence: We utilize research and evidence-based approaches to advance care delivery for diverse populations.

Integrity: Acting with respect and dignity to advance care and client outcomes.

Inclusion: Respecting individual differences and being culturally competent.

Creating hope. Promoting recovery. Advancing whole person health.

Our goal at Tulalip Family Services Problem Gambling Program is to assist individuals and family members through recovery, allowing them to resume their life with a renewed sense of balance, health, responsibility and purpose.

SERVICES PROVIDED:

- Counseling
- Treatment
- Referrals
- Consultation for Interventions
- Community-wide events and activities - Positive Day of Action, Training for Wellness Court, Family Haven, Youth Summit, PG Awareness Dinner, and Holiday Kick-Off event all benefit the tribal community of Tulalip.

ELIGIBILITY REQUIREMENTS:

We serve tribal members and non-natives. Those interested in Problem Gambling treatment services must complete an intake packet, schedule an assessment, complete the evaluation, and then discuss options and recommendations.

COMMUNITY CELEBRATION EVENT

Community Cultural Celebration Dinner is included in all Main Conference Registrations - Guest tickets available for purchase while they last.
